IMPORTANT GOVERNMENT ORDERS

GENERAL SECRETARIAT

Sanctions an estimate for Rs. 1,95,750 for providing a protected system of Water Supply to Chikballapur Town.

READ—

Correspondence ending with letter No. 73-47-48, dated 25th September 1948, from the President, Town Municipal Council, Chikballapur, in the matter of providing water supply to Chikballapur Town.

ORDER NO. L. 6972-6—ML. 61-48-18, DATED BANGALORE, THE 28RD—31ST DECEMBER 1948.

The Deputy Commissioner, Kolar District, forwarded for sanction in February 1948, an estimate for Rs. 1,58,850 for providing a protected system of water supply to Chikballapur Town, the expenditure being met by the Government and the Municipal Council in equal proportions and recommended the grant of a loan of Rs. 80,000 to the Municipality to meet their share of the cost. The Chief Engineer for Roads and Buildings, who scrutinised the estimate revised the same to Rs. 1,95,750 the large variation between the original and the revised estimate is said to be due to the fact that as the former was prepared in the year 1946, a number of corrections were involved and provision for quarters to the staff attached to the water works was subsequently made.

The revised estimate has been countersigned by the President of the Chikballapur Town Municipal Council. According to this estimate the loan to be given to the Municipal Council for meeting their half share of the expenditure will amount to Rs. 97,875 and this loan which carries interest at 4 per cent per annum is proposed to be repaid by the Municipal Council at the rate Rs. 5,000 per year towards the principal.

Having regard to the fact that the provision of water supply to Chikballapur Town is an urgent necessity, Government are pleased to direct that the scheme for a protected system of water supply for Chikballapur Town be sanctioned at an estimated cost of Rs. 1,95,750 (Rupees One lakh ninety-five thousand seven hundred and fifty only), the expenditure being met by the Government and the Municipal Council in equal proportions. In order to enable the Municipal Council to bear their share of the cost, a loan of Rs. 97,875 will be

granted to the Municipality. It will carry interest at 4 per cent per annum and will be repayable at the rate of Rs. 5,000 per annum towards the principal. The Deputy Commissioner, Kolar, is requested to see that necessary provision is made in the annual budgets of this Municipality towards the repayment of the loan. The Government share of Rs. 97,875 (Rupees Ninety-seven thousand eight hundred and seventy-five only) in this behalf will be met from out of the water supply grants for the year 1948-49.

The Deputy Commissioner, Kolar District, and the Chief Engineer for Roads and Buildings are requested to take necessary further action to push through the work urgently.

MOHAMED ISMAIL SHERIFF, *Gen., Secy.*

Prescribes the Budget Calendar for 1949-50.

ORDER No. FL. 76-8-7700—G. F. 130-48-2, DATED BANGALORE, THE 11TH JANUARY 1949.

The attached Calendar for regulating the Budget Work for 1949-50 is approved. The object with which an interval of about a fortnight is allowed for items Nos. 3 and 14 in the Calendar is to secure an even flow of work in the Comptroller's Office and in the Secretariat and to avoid rush of work at the last moment. All officers handling Budget papers are requested not to take up the entire interval but to strictly adhere to the dates fixed.

2. All estimates require to be framed with the greatest possible care and with particular regard to sanctions and actual requirements. Those relating to heads of receipts should aim at forecasting the realizable result as closely as possible; and those relating to expenditure heads—Revenue and Capital—should be limited to absolute minimum requirements.

3. **No provision for schemes of new expenditure, whether sanctioned or not, to which effect has not been given should be proposed for inclusion in the Comptroller's estimates.** The attention of all Heads of Departments is invited to this instruction which should be strictly followed in the preparation and submission of their Budget proposals. **A list of such items, if any, requiring provision should, however, be sent to Government and Comptroller separately for consideration as provided in items 3 and 14 of the Calendar.** If the new schemes have been sanctioned, details of the scheme specifying detailed Heads should be furnished so that the Comptroller may propose to Government such provision or a reduced provision therefor under the existing detailed Heads or under new Heads to be opened under the Major Heads. In no case should lumpsum provisions be furnished without details.

4. Sanctions to establishment and other recurring charges which have not been communicated to the Audit Office on or before the 15th January 1949 need not ordinarily be taken into account in framing expenditure estimates relating thereto. In all cases where allocations have been sanctioned by Government the revised scales should be included and provision made accordingly. In other cases Revised Scales should be shown and a suitable provision deemed sufficient may be included.

5. In the Consolidated Budget Estimates, the totals of major heads should be worked to thousands of rupees and those of minor heads to even hundreds of rupees. This has to be kept in view in fixing the provision under individual heads of account.

6. The Chief Engineer for Irrigation and the Muzrai Commissioner are requested to take timely action to have the detailed estimates of the Irrigation Cess Fund and the General Muzrai Fund, respectively, sanctioned and transmitted, as indicated in item No. 19 of the Calendar, to the Director, Government Stationery and Printing, for being printed and supplied to the members of the Representative Assembly and the Legislative Council along with the copies of the Provisional Budget Estimates.

7. The General Manager, Mysore State Railway, is requested to have the Authorization Rolls and the Capital Budget Estimates sent through the Comptroller, to the Finance Department, with the remarks of the Chief Auditor, for being dealt with in the same manner as the estimates of other departments.

8. The Registrar, Mysore University, is requested to get the estimates of establishment and fixed charges of the University verified by the Comptroller and approved by Government before compiling the provisional edition of the University Budget.

9. In respect of sanctioned post-war schemes the Heads of Departments will furnish details to the Comptroller as instructed in para 3 above.

10. The Director, Government Stationery and Printing is requested to treat all Budget work as urgent and co-operate with the Comptroller in arranging for the issue of the different editions of the Budget on the due dates.

11. In the case of estimates relating to Civil Station, the concerned Heads of Departments will obtain the necessary information from the offices in the Civil Station and include them under the respective existing Major, Minor and Detailed heads, new heads being opened wherever necessary in consultation with the Comptroller. In order that Government may have an idea of total Revenue and Expenditure relating to Civil Station, the Estimates relating to Civil Station though shown under the existing heads may be indicated separately.

12. If any of the Heads of Departments does not forward or return the Estimates in time according to the Calendar or the time allowed by the Comptroller, the Comptroller will forthwith report the matter to Government after reminding the concerned Department. It may be distinctly understood that Government will not consider any explanations for the delay like absence of the Head of the Department from Headquarters or non-receipt of particulars from subordinate offices, as valid, and Government desire to impress that it is the duty of the Head of the Department to pay special attention to Budget work and to keep up to the time limit.

By Order,

M. SHAMANNA,

Secretary to Government,
Financial Department.
